Draft workplan of the Joint Implementation Supervisory Committee for 2015

Version 01.0

DRAFT

United Nations
Framework Convention on
Climate Change

COVER NOTE

1. Procedural background

1. The Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP) at its tenth session requested the Joint Implementation Supervisory Committee (JISC) to ensure sufficient infrastructure and capacity for the mechanism's use by Parties until at least the end of the additional period for fulfilling commitments under the second commitment period of the Kyoto Protocol, and to keep the joint implementation management plan under review, making necessary adjustments to ensure the efficient, cost-effective and transparent functioning of joint implementation.

2. Purpose

2. The workplan of the JISC for 2015 provides an overview of the issues to be considered by the JISC at each meeting. This allows planning the workload of the JISC for each JISC meeting and ensures efficient use of meeting time. The document indicates the work planned for the JISC at the meetings in 2015, based on the business plan and the management plan (JI-MAP) for 2015–2016.

3. Key issues and proposed solutions

3. The workplan provides information on the type of products the JISC will consider at each meeting and actions to be taken by the JISC. Products for consideration of the JISC to implement the recent mandates provided to it by CMP 10 have also incorporated in this plan.

4. Impacts

4. The workplan will ensure efficiency and transparency of the decision-making process and facilitate the management of the JISC workload.

5. Proposed work and timelines

5. It is proposed that the workplan be considered by the JISC at each meeting to take note of updates based on new mandates of the JISC and the status of work during the year.

6. Recommendations to the JISC

6. The secretariat recommends that the JISC approve this draft workplan for 2015 and request the secretariat to update the workplan for consideration of the JISC at each meeting, based on new mandates arising from the meetings and on the status of work.
