Dear Lennard,

as this is now hopefully the accepted baseline factor(s) for Ukraine I can agree to publish our assessment/statement.

The passus comes from a time when we carried out the assessment in the context of a concrete project.

I hopes this helps.

Greetings,

Thomas

**Betreff:**

Dear Thomas,

We have sent a PDD for publication to the JI secretariat. In the annex 2 of this PDD we included the Ukrainian electricity baseline including your statement. The JI secretariat had the following comment:

“Referring to the submission of the project design document (PDD) for “Improvement of the Energy Efficiency at Energomashspetsstal (EMSS), Kramatorsk - Ukraine”, we realized that annex 2 includes a document with the following note: “Excerpts from this document may only be reproduced and used for advertising purposes with the express written approval of TV SD Industrie Service GmbH.”

This document is not used for advertising purposes so publication should be no problem. Can you please confirm this to me and I will inform the JI-secretariat.

Regards,

Lennard de Klerk
