

# Different « transitions » for different projects

Innovation  
Expertise  
Reliability

	Existing projects determined before 31.12.2012		New projects determined after 31.12.2012	
	With effective KP-CP2	Gap period	With effective KP-CP2	Gap period
<b>Host Party</b> Participation and Eligibility requirements				
<b>Validation (determination) process</b> , e.g. • Issuance of LoAs • Determination of Baselines • ...				
<b>Verification and issuance process</b> , e.g. • Monitoring • Issuance of ERUs • ...				
<b>Accreditation of IEs</b> • Alignment of CDM and JI procedures • Suspension				
<b>National JI procedures...</b>				

- ▶ How to handle existing JI Track 1 and Track 2 projects after 2012:
  - Do they need new host Party approval?
  - Should the baseline be revisited?
  - Could credits be issued, and if so which type of credits?
- ▶ How should accreditation issues be handled?
- ▶ If new JI guidelines are not adopted until 2013 or later - what rules apply in the meantime?
- ▶ New projects applying for registration after 2012 - what rules apply?
- ▶ What would be possible options for a "gap period"?
